

EBRU IŞIKLI

ebru.isikli@boun.edu.tr

Short: My academic interest includes mainly sociology of work. I am interested in employee subjectivity, skill, class, gender and working class movement. I have qualitative and quantitative research experience both for academia and the market (project management, research design, survey design, quantitative and qualitative data analysis and reporting, focus group moderation, application of ethnographic and anthropological research methods, advanced in SPSS).

İstihdam Pazarı ve Sosyal Boyutları), Social Science Doctoral Students' Workshop, Middle East Technical University, Turkey (2012).

LANGUAGES

- Turkish – Native Speaker, English – Fluent

COMPUTER SKILLS

- SPSS, Nvivo

AFFILIATIONS

- Labor Studies Collective (emekcalisma.org): The collective turns workers movement news into quantitative data annually. We aim to provide groups concerned with the working-class policy such as trade unions with data. I have mainly contributed to the team with my professional and academic experience on data and its interpretation since 2014.

COURSED THAT CAN BE TAUGHT

- Modern Turkish History
- Sociology of Work
- Research Methodologies (Qualitative and quantitative)
